INAUGURAL CEREMONIES

Washington Will Witness a
Marvelous Civic and Mil-
itary Pageant.

Crowning Feature of Inaugural
Ceremonies Promises to be
Record Breaking Parade.

Washington, March 3.—The details of the personnel of the great military and civic pageant which is to be the crowning feature of the ceremonies of President Roosevelt's inauguration on March 4, are given in "General Orders No. 5" of the grand marshal made public today by the inaugural committee. It gives the order of the parade, its organization, movement and dismissal and shows all of the military and civic bodies which are to participate as well as the position which they will occupy. It is estimated that approximately 30,000 men will be in line.

The parade ceremonies of the day are: Escort of the president from the White House to the capitol at 9:30 a. m.

Afternoon assembly of the military and civic grand divisions.

Escort of the president from the capitol to the White House at the conclusion of his inaugural address, at about 1:20 o'clock p. m.

Review of the military and civic grand divisions by the president from the latter's stand in front of the White House at 2:45 p. m.

The president, accompanied by his personal escort, composed of Squadron A, N. G. N. Y., and a detachment of the late First United States Volunteer cavalry, will be escorted at 10 a. m. from the White House to the capitol by the grand marshal and staff and a division composed of veterans of the Civil and Spanish-American wars and of the regular army and navy of the United States, commanded by Major General Oliver O. Howard, U. S. A. The president will be received by his personal and veteran escort as he comes out of the west gate of the White House and immediately thereafter Squadron A will form column of platoons to the left and, preceded by the grand marshal, his staff and aides, will march to the capitol, the detachment First United States Volunteer cavalry remaining in line until their front is cleared by the presidential party in carriages, will dispose themselves equally on both sides of these carriages at five yards distance. Aides specially detailed from the staff of the grand marshal will be posted along the line of march, whose duty it will be to see that the column is kept closed and moving.

At the conclusion of his inaugural address the president will be received at the speaker's stand by the First brigade First division military grand division, and the column will immediately move. The route will be north through the capitol grounds to B street north, thence to First street west, thence to Pennsylvania avenue, where the column will be halted while the president's personal escort will conduct the president and party through the east gate to the White House, where luncheon will be served.

The parade will be reviewed by the president from a stand on the south side of Pennsylvania avenue opposite the White House. The guide will be left throughout the entire march and salutes be rendered according to the requirements of the drill regulations of the respective arms for the military grand division. The route of the column will be west on Pennsylvania to Twentieth street, thence north of Twentieth street to K street, thence east on K street to point of dismissal.

The march will be in quick time, the length of step thirty inches, and the cadence 120 steps per minute. The Fifth band artillery corps U. S. A., whose position is at the head of the column, is the only band which will play "Hail to the Chief" at any time. Bands marching in close proximity will alternate in playing. In each division the band of the leading regiment will begin playing at First street west, of the next regiment at Second street west, of the third regiment at Third street west, and so on in succession to Sixth street west, the object being to distribute uniformly along the avenue the music of the bands and drum corps. In passing the reviewing stand all bands will play, marching in quick time (120 steps per minute). No carriages will be allowed in the parade except those occupied by the presidential party.

FOUND HIS MONEY

A Posey County Farmer Recovered a Purse Containing \$1000 From a 'Coon Tree.

Some time ago John F. Wade, a farmer of Posey county, Indiana, lost a pocketbook containing \$1000 in money and notes. He had almost abandoned hope of finding the lost treasure until recently, when he was in the woods hunting raccoons. His dog treed a coon and Wade and his hands in taking the animal from the hollow tree found his pocketbook. The money, although lost several months ago, was in a good state of preservation. Wade says the pocketbook could not have been taken to the tree by any other source than the coon. He says the purse was lost in one of his open fields while he was hauling fodder. Query—What became of the coon?

CARD PARTIES NOT GAMBLING

This Supreme Court's Decision May Make Euchre Players Feel Better.

Ladies who have attended card parties and played for prizes to have their conscience trouble them afterward, may now cheer up, for there has been a decision rendered on the subject by an eminent jurist, which defines where innocent amusement leaves off and gambling begins. The decision comes from the supreme court of Illinois. The question is: Are persons who play for prizes to be called gamblers within the meaning of the law? According to the court, the answer depends on two facts. If the hostess furnishes the prizes, the players are not gamblers, for they have risked nothing, a thing they would have to do, in order to be amenable to law. But if the players contribute to the purchases of the prize or prizes, that's gambling and strictly speaking, the marshal would have a legal right to go to the house and take the party a walk. Does this decision make you easier?

STATISTICS ON THE FACTORIES

Census Bureau Experts Have Begun Their Work in This City.

Oscar M. Pond, of Washington, D. C., representing the Bureau of the Census, is in this city for the purpose of gathering manufacturing statistics. Mr. Pond is assigned to the territory comprising the counties of Rush, Franklin, Fayette, Union and Decatur. In this territory he has to visit 398 places and in this city he had a list of over forty places. These statistics are taken every ten years by the government and are for the purpose of comparison with foreign countries, and if a weakness is discovered in any branch of industry, remedies are sought for. The next statistics of the manufacturing interests of the United States will be taken in 1914.

All parties visited by him will facilitate the work by answering his questions promptly and as accurately as it is in their power to do. The government requires all questions to be answered and there is a penalty attached for refusing. All information given is treated as confidential by the Bureau.

COAL OPERATORS WILL MEET.

Terre Haute, Ind., March 3.—Secretary Phil Penna has issued a call for the annual meeting of the Indiana Bituminous Operators' association to be held here March 14. The district meeting of the United Mine Workers of America will be held at the same time. There will also be a joint executive board meeting.

THE OFFICERS AND OFFICES

Something About the Franchises Granted the I. & C. Traction Co.

The Company's Privileges Under Those Contracts—Limited Cars to be Run.

The Western Electrician has the following to say concerning the I. & C.:

The Indianapolis & Cincinnati Traction company, which will operate this new line, was organized on February 4, 1903, under the laws of Indiana. It is managed by a board of seven directors constituted as follows: Charles L. Henry, Indianapolis, president and general manager; Ephraim Marsh, Greenfield, Ind., vice president; William L. Taylor, Indianapolis, secretary; Endorus M. Johnson, Indianapolis, treasurer; James W. Fessler, Indianapolis; Theodore F. Rose, Muncie, Ind.; Wm. M. Frazee, Rushville, Ind.

The general office of the company is located at Rushville. It is a three-story frame building with a slate roof and was constructed from a residence which was purchased in the first instance to enable the company to make an easy curve around the corner. The building is now equipped with fireproof vaults, is heated with steam, is lighted from the company's own power station and is arranged with ample accommodation for the general officers of the company. Waiting rooms and baggage rooms are also provided. The executive offices of the company are located in the Traction Terminal building of Indianapolis.

Under the provisions of the franchises of the Indianapolis Traction Terminal company, interurban lines are allowed to enter the city over the tracks of the city company by such roads as the city designates, upon payment to the city company of an agreed or ascertained compensation. The Traction Terminal company has made a uniform agreement with interurban roads for entrance into the city over its tracks [whereby the interurban road pays four cents for each passenger carried while on the city lines. This agreement entitles the interurban line to all of the privileges of the Terminal station, where all the interurban roads of Indianapolis center.

The Indianapolis & Cincinnati Traction company has franchises of a most favorable character in all of the cities and towns through which the line passes. They uniformly run for a period of 50 years and contain no objectional features regarding the pavement of streets, the erection of iron poles or the payment of a franchise tax to the State or town. The franchises of the cities of Rushville and Connersville permit the company to run "limited" cars making only one stop in each city. In all of the smaller towns the franchises specially provide that "limited" cars need not stop at all. The franchise also provides for the carrying of freight, express and mail matter under reasonable regulations of the various cities and towns. All private rights-of-way and franchises outside of cities and town run in perpetuity.

SEEDS ARE READY FOR DISTRIBUTION

County Chairman Charles Frazee has received by mail from Washington a twenty-five or thirty pound sack of government seeds and he will distribute the packages to those who call for them at the office of the Central Fuel company on Morgan street. The seeds are placed in packages and consist of the vegetable kind. There are no flower seeds. They are entirely free and will not last long.

VETERANS KICK

They Believe Pension Claims are Being Neglected at Washington.

Indiana members of Congress have been receiving some harsh letters within the last few days from constituents who complain that their claims at the Pension Bureau are being neglected, says a Washington dispatch. As a matter of fact, it is impossible to do any business at the pension office nowadays. It has been closed for some time while preparations for the inaugural ball have been in progress and it will not be re-opened for the transaction of public business until March 7th. There is a good deal of criticism over the fact that the inaugural festivities are allowed to interfere with the work of one of the great bureaus in such a way.

BURNED IN EXPLOSION

Mrs. H. G. Linn Suffers Severe Burns About the Head.

Mrs. Linn, wife of Dr. H. G. Linn, who was burned yesterday in a gas explosion at her home on East Third street, is getting along as well as can be expected, and her husband predicts that she will be out in a few days. Dr. Linn says the accident happened about ten o'clock yesterday morning while Mrs. Linn was preparing to bake some pies for dinner. The wind coming through an open door blew out the gas in the stove and after the room had been filled a gas jet near the stove, upon being lighted, ignited the gas in the stove.

The force of the explosion knocked Mrs. Linn to the floor, badly stunning her. The doctor was at home at the time, and when he reached his wife her hair was smacking. He put out the fire in her hair.

Mrs. Linn's eye brows were burned off, the hair over the forehead was badly singed and her face was painfully burned in several places. Although the burns cause Mrs. Linn's face to be swollen they are not necessarily serious. The stove was not damaged.

TWO WISH TO SUCCEED WATSON

If He Decides to be a Candidate For Gubernatorial Nomination.

The Richmond Palladium yesterday contained the following: While the talk is going the rounds to the effect that eloquent James Watson, M. C., will be a candidate for Governor at the next State election, it has set other political bees to buzzing, both in Richmond and in other sections of the State. A prominent Wayne county politician (one of the real-for-sure-kind) said yesterday: "If Jim really gets in the race, and I would not be surprised if he does, there will be one man up and doing from Richmond in his efforts to secure Mr. Watson's shoes. I am also advised of at least one other prominent Indian from this district who will shy his caster into the ring with the laudable ambition of securing Congressional honor. You can well imagine what the finish will be, with two candidates in the field this early in the game." Meanwhile Mr. Watson says nothing.

AUTHORATIES ARE AT SEA

Who Put Strychnine in Mrs. Leland Stanford's Soda Bottle?

There Were No Less Than 662 Grains of the Drug in Bottle Used by Mrs. Stanford.

San Francisco, March 3.—The receipt by the acting chief of police of a cablegram from High Sheriff Henry of Honolulu, stating that there were no less than 662 grains of strychnine in the bottle of bicarbonate of soda from which Mrs. Jane Stanford took a dose shortly before her death has aroused the detective force of this city, and every effort is being made to discover who placed the poison in the medicine. The bottle containing the bicarbonate of soda and its death potion originally were purchased in Australia. But, according to Miss Bertha Berner, Mrs. Stanford's private secretary, and the maid, May Hunt, the bottle was refilled in this city at a local drug store.

DID NOT LIKE FARM LIFE

Veedersburg, Ind., March 3.—Harry Grady, a young farmer south of this city, committed suicide by cutting his throat with a razor. It is said that he was dissatisfied with farm life, and this, together with ill health, is the presumed cause of self-destruction.

CAME NEAR BEING ELECTROCUTED

Horace Williams Employed by I. & C. Has a Narrow Escape.

Horace Williams, employed by the I. & C., had a narrow escape from death Wednesday at the Gwynneville substation.

While at work there, Williams took hold of a live wire, not knowing that it was charged and was unable to let go. He called for help and was almost in an exhausted condition when the current was turned off from being jerked about. The current, although it was not the one which runs the line, was strong enough to have killed him and would probably have done so had Williams not succeeded in partially breaking himself loose from the wire before the current was shut off.

THE DERRY CASE

Damage Suit Tried in This Court Will Come Up for a Second Trial.

The case of Thomas Derry, of Greenfield, against the Indianapolis & Eastern railway company which was set for Thursday and Friday, has been continued indefinitely on account of the sickness of Elmer J. Binford, of that city. The case is a demand for personal injuries alleged to have been sustained by Derry while getting off a car on Main street in Greenfield, more than two years ago. It was tried first in the Hancock circuit court and the jury failed to agree. The venue was then changed to this county.

LIKE A LAMB

The Month of March Opens With Some Pleasant Days.

According to the old tradition, the month will end with a storm blast and with as disagreeable weather as a long suffering humanity can imagine.

March certainly came in like a lamb, but there are indications this afternoon that the weather may not continue so gentle and lamb like through the evening. The sunshine today almost completely melted the snow that fell Monday morning, but dark clouds are gathering this afternoon and rain is predicted for tonight.

THE PRICE OF A COUNTRY DAILY

In regard to the price which should be charged for a good local daily, the following may give our readers an idea of the propositions involved. In the first place it will certainly be conceded that no publisher in a small city can conduct a successful paper and give his patrons a first-class paper, such as the Daily Republican is, unless he receives proper compensation for the same.

The price of the Republican per year on rural routes, or wherever it can be mailed at pound rates, is three dollars per year. Four dollars per year, or one dollar per quarter, if delivered by carriers in the city. Ten cents per week if delivered by carrier, and collections have to be made weekly. These are prices at which a good local paper with a fair circulation can afford to do business.

Some might desire to know why a paper should charge several different prices, and the inquiry is a fair one and easily answered.

Papers delivered by mail are marked at the office of publication, deposited in the postoffice and from there are promptly delivered. All papers published in the county are allowed to send their papers to regular paid subscribers within the county of publication free of charge, and the bulk of the circulation of a local paper is within the county. A small charge—one cent a pound—is made for papers going out of the county by mail. It will thus be seen that the cost of circulation or delivery of this class of papers is very small.

The delivery of a daily paper within a city that has a free delivery system, is an entirely different proposition. The postal regulations allow only weekly papers to be delivered by the letter carriers. Daily papers have to affix a one cent stamp to every copy to be delivered—hence the delivery of a daily paper through the mail is prohibitive. Daily papers sent in from outside cities are delivered at the pound rate, but local papers are not. For this reason special carrier boys have to be employed to deliver the paper within the city and this involves in our case, an expense of about three hundred dollars per year carriers alone, besides the clerical help necessary to take charge of the boys and the circulation in general.

These items account for the additional cost of one dollar per year when the paper is delivered in the city by carrier. When payment is made by the week, there is an additional expense of weekly collections, besides there are more or less losses, and for this reason a publisher would rather sell the paper at \$4.00 per year, than to have to collect \$5.20 in weekly installments. All this should be obvious to any one.

The Daily Republican, by judicious management, has been able to club with different papers and magazines in such a manner as to secure the regular subscription price of the paper, and still be of great advantage to its patrons. Many patrons have taken advantage of the clubbing propositions and have saved one half of the price of their daily by letting us order the various papers and magazines which they desired for the year.

In regard to the merits of the Daily Republican, we believe in the saying, "When you have a good thing push it along," and we have steadily pushed the Daily, which is not yet one year old, to the position of first place in the local field.

Governor Hanly may veto the bill on
this account.

GOVERNOR'S FIRM HAND

Chief Executive Acts as Pilot For the
Legislative Ship.

Indianapolis, Ind., March 3.—Governor
Hanly has taken a hand in the al-
most frantic scramble that is on
among legislators to push through, in
the last days of the session, bills in
which they are particularly interested
and which undoubtedly would fail to
receive as much as a hearing without
special pressure being brought to bear.
He seems to have a few measures
for which he would like a clear field
and he has taken advantage of the
opportunity which his office affords
to suggest to Speaker Cantwell those
bills which, he believes, should re-
ceive attention over the rest. The
speaker received from the governor
Wednesday a list of the measures
which the latter would like to see
acted upon before the session closes.
The governor shares the opinion of the
great majority of the legislators that
a few hundred bills must die with the
session. But he does not want to
see important legislative matters die
for want of attention during the closing
days. Hence his suggestions to the
speaker. Under Speaker Cantwell's
ruling all bills must be handed down
for passage in regular order. Numerous
requests have been made of him during
the last week to advance bills but he
has refused. Those who have been turned
down are wondering how the bills that
the governor is interested in can receive
consideration unless the speaker waives his
ruling and hands them down, out of their
regular order, for passage.

Friends of Representative Guirl in
the Fifth congressional district are
working quietly, starting a congress-
sional boom for him. Should one of
sufficient size develop to warrant an
announcement of his candidacy, it is
understood that Guirl would not re-
fuse to enter the race. Since the pres-
ent session opened Guirl has received
hundreds of letters from different
parts of the Fifth urging him to be a
candidate for the Republican congress-
sional nomination. Should he enter
the race he would oppose Congress-
man Holliday, the present incumbent.

Evidently thoroughly frightened by
the fact that a few hundred bills will
die with the end of the session—cast
aside for lack of time to consider them
—many legislators are making frantic
efforts to hurry action on bills in
which they are particularly interested.
Speaker Cantwell is the target. On his
desk are fully 150 bills, which, ac-
cording to his recent ruling, must be
handed down in order. Efforts on the
part of many representatives to have
the more important bills advanced have
been unavailing.

It seems certain that the present
session will be productive of some sort
of automobile legislation. Unable to
agree as to the provisions of a suit-
able bill a conference committee com-
posed of two members from each
house, has arrived at compromises
and will ask their respective branches
to accept them. The bill, as now draft-
ed, provides for a speed limit of
eight miles an hour within town and
city limits. The maximum fine for
violations is \$50.

A VOTE OF 58 TO 36

This Is the Record of the
House on the Cities and
Towns Bill.

NOW UP TO THE SENATE

The House Amended the Upper
Body's Bill but It Is Believed
Senators Will Concur.

If the Bill Becomes a Law One of the
Most Important Bits of Legisla-
tion Will Have Been Enacted.

Indianapolis, March 3.—By a vote of
58 to 36 the house passed the codifi-
cation commission bill on cities and
towns yesterday afternoon, and this
morning it went back to the senate for
concurrence in the amendments which
were made to it after it had passed
the senate. The senate will concur, it
is generally believed, and the governor
will sign the measure, and what is ad-
mitted to be one of the most important
matters of legislation in many years
will have been enacted into law.

The cities and towns bill is a codi-
fication of all existing laws on the
statute books relating to municipal
corporations. In the matter of the
terms of municipal officeholders it
provides that all municipal officials
now in office shall serve out the full
terms for which they were originally
elected and that all cities and towns
in the state shall elect new officials
next November, to serve from the time
of the expiration of the terms of the
present officeholders until the first
Monday in January, 1910. In the case
of Indianapolis, Evansville and Fort
Wayne—cities under special charters
—the terms of the present officials will
be extended several months by the
act; and similar extensions will be en-
joyed by officers of incorporated towns.
But the bill precludes the possi-
bility of a general extension of the
terms of all municipal officials until
Jan. 1, 1908, as was provided in the
bill as it passed the senate.

It was over the question of extension
that a big fight developed in the house
Wednesday when the bill came up for
second reading and amendment. By an
overwhelming vote the section pro-
viding for extension was stricken out.
Municipal officers who came from all
parts of the state and lobbied for the
extension of their own terms had gone
back to their homes yesterday when
the bill came up for passage, and in-
terurban lobbyists who had swarmed
the lobbies and corridors of the house
were absent. The vote on the bill was
the occasion for only a short debate
on minor details. In the bill as passed
the present metropolitan police law is
left intact and the governor will ap-
point boards of metropolitan police
commissioners as in the past.

The Guirl anti-trust bill, bitterly at-
tacked by Indiana manufacturers as
well as merchants and laboring inter-
ests, was killed in the senate, only
fourteen senators voting for it and
twenty-seven against it. The bill was
unable to weather the acrid criticisms
that were made against it by the sen-
ate leaders. It was charged that the
bill would not fulfill its mission—to
curtail the operations of the bridge
trust and the Standard Oil company—
but would be harmful to hundreds of
manufacturers throughout the state
whom the authors of the bill had not
intended to injure. It was asserted by
opponents of the measure that the
United States Steel company would
take a number of its mills out of the
state if the bill became a law. This
seemed to frighten many senators into
voting against it.

Private bankers received a setback
yesterday when the house passed the
private banking bill to third reading
without any amendments. A strong
lobby of private bankers was present
urging trivial amendments, and it be-
came known that their real intent in
favoring the amendments was to force
it back upon the senate for concurren-
ce in the house amendments. This
would delay matters and would prob-
ably cause the defeat of the bill, for it
was known that the senate would
likely not concur in any house amend-
ments. The bill is expected to come
up for passage tomorrow.

The governor has signed the new
legislative apportionment bill which
redistricts the state. The most radical
changes are in senatorial districts
in the southern part of the state. Un-
der the act the Democrats will lose
one senator. Senator Milburn's dis-
trict, Daviess and Dubois, is abolished,
Daviess being placed in a district
with Pike and Dubois in a district
with Crawford and Perry.

IN AN UGLY MOOD

Imprisoned Banker Refuses to Answer
Questions Put to Him.

Goshen, Ind., March 3.—In taking
the deposition of Walter Brown, the
Elkhart bank wrecker, at Fort Leaven-
worth, in suits growing out of the
receivership, he answered all questions
of the examination-in-chief, but re-
fused to answer any questions on
cross-examination, saying that he
would give the necessary responses
when he got out of prison. Despite
his apparently poor physical condition,
he shows an ugly mood toward at-
torneys representing interests adverse to
his pet industry, the National Manu-
facturing company's plant.

Mighty Battle in Progress.

Mukden, March 3.—The thunder of
cannon is heard from all positions.
Putloff and Novgorod hills are hidden
by the smoke from the guns. The
bombardment was resumed after the
repulse of an infantry attack by Jap-
anese. A heavy bombardment is also
in progress in the neighborhood of the
Shakhe bridge, apparently in prepara-
tion for an attack in that quarter.
The weather continues fine and warm.
The Chinese are preparing to sow

Cause for Anxiety.

St. Petersburg, March 3.—Black
clouds are again lowering over the in-
dustrial situation of Russia. The
strike at Moscow has been resumed on
a large scale, anarchy reigns in the
Caucasus and at St. Petersburg the
measures which the government ad-
vanced to quiet discontent and restore
good relations between masters and
men appear to have failed, with the
probability of causing the storm to
break anew.

California Getting Good.

Sacramento, Cal., March 3.—The as-
sembly, by a vote of 43 to 20, has
passed the Espys bill prohibiting pool-
selling or wagering on a horserace
and providing a fine. The Ralston
anti-prize fight bill has been passed
by the senate on reconsideration, by
a vote of 25 to 11.

VIRGINIANS JOYFUL

House Passes a Bill to Father the
Jamestown Celebration.

Washington, March 3.—Government
participation in the exposition to cele-
brate the first permanent settlement
of English speaking people on the
Western hemisphere in the vicinity of
Jamestown, Va., on the waters of
Hampton Roads, was provided by the
house when, by a vote of 192 to 91,
the bill for that purpose was passed
under a suspension of rules. Confer-
ence reports on the fortifications and
agricultural appropriation bills were
agreed to, while the conference report
on the naval appropriation bill after
being partially agreed to was sent
back for further conference after a
lively debate over the question of
investigating the cost of armor plate
and the building of an armor plate
plant. The evening session was de-
voted to conferences, reports and bills
of minor importance.

The senate passed the sundry civil
appropriation bill carrying about \$68-
000,000. There also was discussion of
the pure food bill, and Mr. Dollivar
made a brief speech in support of
his resolution providing for the ap-
pointment of a joint congressional
commission to investigate the ques-
tion of railroad rates. The resolution
was referred to the committee on in-
ter-state commerce.

At the night session the general de-
ficiency appropriation bill, the last of
the supply measure was passed.

May Kill Canal Bill.

Washington, March 3.—At a final
meeting of the conferees on the Pan-
ama canal bill after the senate con-
ferees had reported verbally the in-
ability of the representatives of the
two houses to get together and were
sent back to try again, the futility of
attempting a compromise was admit-
ted and the conferees decided to ask
for their discharge. If this decision is
accepted by the two houses, and it is
the general impression that it will be,
the effort will be to kill the canal bill
entirely.

Has Special Message in Hand.

Washington, March 3.—President
Roosevelt will send to the senate next
Monday a special message relating to
the San Domingo treaty which is pend-
ing before that body.

NEGLIGENT RAILROADS

Were Fined for Not Maintaining Safe-
ty Couplers.

Springfield, Ill., March 3.—A deci-
sion against railroad companies has
been rendered in the United States
district court in all cases in which
Judge Humphrey has heard evidence
as to the violation of the safety ap-
pliance act of the interstate commerce
law.

The Southern Railway was fined
\$900 and costs on nine counts, the Illi-
nois Central railroad \$300 and costs
on three counts, and the Wabash road
\$100 and costs on one count. There
are cases pending against a number
of other railroads.

Judge Humphrey said the railroads
were guilty of culpable negligence in
not keeping in order the automatic
couplers with which their cars were
supplied.

Anti-Trust Bill Passed.

Guthrie, Okla., March 3.—The anti-
trust bill passed the lower house unan-
imously. The bill defines trusts and
legislates against them. One section
provides that all pipe lines in the ter-
ritory shall be regarded as common
carriers and shall be subject to the
laws regulating these.

NEW YORK FASHIONS

Pattern For Child's Gabrielle Dress Designed by Martha Dean

Quaint, picturesque styles predominate for children's clothes. In the little Gabrielle dress shown here we have a model that is very much like the dresses our mothers wore when they were little girls. Of course the lines conform with the present day styles, but it is a Gabrielle dress just the same. The body part is made up of gores, which give excellent shaping to the garment. It may be made with or without the circular bertha and skirt flounce or it may be cut away at the bertha, thus forming a pretty gimp dress. The mode is one that is suitable for great elaboration or may be just as simple as one likes, if a dressy frock is desired. The seams may be set together or covered with lace or embroidery insertion, and the circular bertha and skirt flounce may be ornamented by rows of insertion and lace ruffles. For a simple little home dress a blue and white checked gingham, with seams outlined by white bias seam tape, is decidedly pretty. Any material may be advantageously employed in the construction. Pattern No. 4555. Sizes, 2, 3, 4, 5, 6, 7, 8 and 9 years.

DIRECTIONS FOR ORDERING

Send 10 cents to this office, give number of this pattern, No. 4555, and state size desired. It will then be sent to you by mail postpaid. Be sure to write plainly and always give full address. Several days must be allowed for delivery of pattern.

COUNTY NEWS

Milroy.

Mrs. Ira Tompkins, accompanied by Mrs. Ethel Lampton, went to Rushville Wednesday to see her sister, Mrs. Kate Smith, who underwent an operation there at Sexton's sanitarium.

Charley Horton's condition is still pronounced serious.

Master Howard, the three-year-old son of Rev. Schmunk, is very sick with pneumonia.

Mrs. Susan Overlesse entertained Tuesday evening Mrs. Emaline Richev and Annie Thomas of Indianapolis.

Mrs. Will Martin entertained the young married ladies very pleasantly at her home on South Pleasant street Tuesday afternoon.

Mrs. G. W. Allison has been very sick with the grip, but is now convalescing.

The infant child of Mr. and Mrs. Thomas Ryse, living south of here, was dangerously sick last week.

Gowdy.

Mr. and Mrs. Dick Buell, of Decatur county, visited their parents, Mr. and Mrs. E. R. Thorpe, at Gowdy, the first of the week.

Mr. and Mrs. John Greenwell, of Gowdy, visited friends at Moscow Sunday.

There was a large crowd attended church at Moscow Sunday night, to hear Rev. Higgins, of Lebanon.

The people are taking advantage of the thaw out to haul corn over the muddy roads.

Mr. and Mrs. A. P. Wagoner, of Rushville, visited L. A. Wagoner and family, of Gowdy, Thursday and Friday. They also called on Mr. Reed and family and Mr. and Mrs. Elmer Redenbaugh while here.

By the way, the ladies of Orange are very busy piecing and quilting quilts, making comforts and weaving carpets, dressmaking and various kinds of fancy work; so the deep snows nor zero weather we have had has hindered the work of the ladies in Orange.

George Reed, of Fairland, visited his parents, Mr. and Mrs. Reed, at Gowdy Friday and Saturday.

Rev. E. R. Vest, New Palestine, formerly of Orange, was shaking hands with old friends at Blue Ridge Wednesday.

Freemans.

Pie King, Earl and Matt. Beaver were chasing foxes over south Tuesday. O. P. Freeman made a business trip to Laurel Tuesday.

John Cowan was driving cattle through here Wednesday that he purchased of Jeff Davis.

Miss Lizzie Rolfe spent Thursday with Mrs. Lucy Kerick.

Mrs. Henry Davis, who has pneumonia, is reported no better.

Some of our young men can tell before opening a letter which girl it is from. They go by the sense of smell or instinct.

The brick has been hauled for the new bank at Clarksburg, and work will begin as soon as the weather will permit.

Fred Krug hauled a load of furniture to Connorsville Monday for Charley Vail, who recently resigned his school at Clifty.

Rufus Moore, of Clarksburg, is talking of going to California this spring.

Enie Linville spent Friday night with his cousin, Roscoe Linville. The boys had not seen each other for some time and they made things lively with the violins and guitar. Mr. and Mrs. Gabo Hildreth and daughter and Mr. Charley Wilson of Posey, were their guests.

Mr. Cal Herrell, our genial watch and clock fixer, of Clarksburg, moved

to Greensburg Monday, where he will go into the barber business with Baum Gardner.

From all reports our new trustee is talking of building a new school house in the center of the township, and running hacks to carry the school children. We hope our board will look into the matter carefully before they consent.

The man who is always giving pointers on how to make big money can usually be found around the stove smoking his pipe.

Squire Helman and Bert Vanarsdall are preparing to open the sugar camp on O. P. Freeman's place.

Mr. Hamilton, an aged and well known wealthy farmer, of Clarksburg, died Saturday at noon of dropsy. Burial at Kingston, Monday at two p. m.

Wonder why our Coon from the corner don't come out any more. He may get warmed out yet.

Roy Barber, who has been in Nebraska this winter, returned home Tuesday. He says the thermometer registered forty degrees below zero there.

Quite a number of citizens from Richland township, were at Rushville Tuesday.

James Guard, the teacher here, was attending to some business in regard to his office in Posey as a sessor last Wednesday.

One has to only drive from here to Rushville to find the difference in good and bad roads. After we leave the new pike it is mud and slush. Our pike is as smooth as a floor.

To our brother from Andersonville—He seems to be impellant and more squeamish every time he writes. A squeal to him would be accepted now since that blonde wrote him her last farewell letter.

Prof. Foley, speaking on the subject of radium says that a pound of radium will penetrate iron several inches thick and will effect the eyes when blindfolded with lead an inch thick. What we would like to know is whether it will warm the bed these cold nights for an old bachelor. He says it will revolutionize the world.

Andersonville.

Probably it would be well to investigate the thing anyway.

Dr. Metcalf seems to be improving slowly.

Those who thought of opening their sugar camps Monday took a sleigh ride instead.

Dr. Bert Coffee is again driving his horse that was crippled some time ago.

It is not so bad to be roasted if you have plenty of wood, as it is to try to roast yourself without any wood at all.

Wilbur Miller made a trip to Connorsville last week.

William Hoffman, north of here opened his sugar camp last week and had gathered 50 barrels of water by last Sunday.

Bern Walker made a business trip to Laurel the first of the week.

M. G. James made a trip to our county seat last week.

They are talking of building a car line from Freemans down to Concord. Well, what is that for—O, so that Freeman's reporter can take another look for his bounds.

We are to have a new mail route to run here in the near future starting from Laurel in the morning, coming up the old State road here, then south about three miles and back down by Wesley Chapel and by the ridge school house on to the Metamora road and back to Laurel in the evening.

We have been informed that probably the Rush county grand jury will investigate the death of Henry Ridener if they don't, who will?

David Barber who has been visiting and looking after his property here, returned to his home in Indianapolis Friday.

Leroy Barber, who has spent the winter in Nebraska, returned to his home here Wednesday by way of Indianapolis.

Glenwood.

About forty-five or fifty people, including the teachers and high school pupils went to Indianapolis Wednesday and visited several places of interest. All enjoyed the trip very much.

Mr. and Mrs. William Dent were shopping in Connorsville Wednesday.

Mrs. Tave Foster and daughter, Miss Lavonne, were shopping at Rushville Wednesday.

Mr. and Mrs. Guy Little, of Connorsville are visiting friends in our village.

Mr. Richard Redman and sister Louise were calling on old friends at Falmouth Monday evening.

Mrs. Lillie Meek spent Monday and Tuesday at home. She reports Mr. Meek as being much improved.

Mrs. James Reed visited her daughter, Mrs. Flora Wolfe, of Hawkinsville Wednesday.

Mr. Sherman Palmer is visiting old friends at this place.

Cures and Prevents Disease

The cause of ninety per cent of all disease is a faulty digestive and drainage system—the stomach, liver, kidneys and bowels. Let one of these organs become clogged or inoperative, there remains in the system many poisons that will, in time, breed disease, difficult to correct. One should never allow even a temporary stoppage of any one of these organs—they should be kept constantly in perfect working order.

SEVEN BARKS

Is positively the ideal corrective of all internal ailments. It is not a patent medicine, but an honest, vegetable preparation, extracted from the bark of a species of the Hydrangea plant. Its curative properties are numerous. It is a mild cathartic—an alterative—diuretic, soothing, healing and tonic. An occasional dose will keep the whole system in perfect condition and will act as a safeguard against disease.

Seven Barks has been on the American market for over thirty-five years. Its distributors have reams of high-praising letters from people in every walk of life. Thousands of families are never without a bottle. The oldest friends are our best.

CURRENT SCONES.—Sift together three pints of flour, one teaspoonful of salt, two heaping tablespoonsful of sugar and three teaspoonsful of baking powder. Rub in one large tablespoonful of lard and the same of butter, then stir in one scant cupful of sultana raisins. Mix to a soft dough with sweet milk and roll out an inch thick. Fit the dough in greased pie plates, then cut, almost through, two long slashes so that it will be divided into quarters. Brush over the top with milk in which a little sugar is dissolved and bake in a very hot oven. When done break each cake into quarters, tear each scone open, lay in a generous piece of butter, put together again and pile on a hot plate.

Governor Hilly has signed the Guilt insurance bill, a measure which permits foreign mutual insurance companies to enter Indiana and do business. They must have premium notes amounting to \$200,000 and cash assets amounting to \$50,000. When the bill was in the house it was bitterly fought by the "old line" or stock fire insurance companies. Up to this time there have been no foreign mutuals doing business in the state.

RUSHVILLE, IND., MAR. 2, 1905

LOCAL BREVITIES

Today is examination day at the high school.

Frank Martin is thinking of locating at Morristown.

E. W. Ball is now able to sit up part of the time.

John F. Boyd, is in poor health at his home in Circleville.

Mrs. Harry Fletcher is sick at her home in Walker township.

The pupils of the Morristown schools visited the legislature today.

The thermometer registered 48 degrees above zero at noon today.

Mrs. A. M. Thomas is critically ill at her home in Center township.

Mrs. Clem Thompson has a badly sprained ankle, the result of a fall.

Mrs. Jesse T. Kirkpatrick is recovering nicely from her recent illness.

Mrs. James Stark, who is sick at her home near New Salem, is no better.

L. V. Hegwood, of Connersville, was over yesterday to see his wife at Sexton's sanitarium.

Miss Mary Jackson, who is sick at her home on North Willow street, is showing but little improvement.

Miss Georgia Wyatt, who has been sick for several weeks at her home on North Main street, is much better.

A cold winter is said to produce conditions favorable to a good summer. That being true, we have good reasons to hope.

Word from John M. Lee, who is sick with pneumonia at Christ's hospital in Cincinnati, states that he is not so well.

Knightstown Banner: "Tuesday's edition of the Rushville Republican was a crackler-jack for news." Thanks! Thanks!

Mrs. John Gilliam, who is afflicted with progressive paralysis is at her home on North Sexton street is showing but little improvement.

Al Linville, of Anderson, formerly of this city, has taken a position as driver on the bus line and will probably move his family back to this city.

DEATHS

Word has been received here of the death of Dr. S. B. King, of Elwood, who was formerly a resident of Homer, and who is well known in that part of the county.

Morristown Sun: Granville S. Barnard succumbed to Bright's disease at the family residence, three miles northeast of town, Tuesday morning at 7 o'clock. He had been lying very low for several weeks and death as not unexpected. The deceased was 66 years of age, his birthplace being in Fayette county. He had resided in this community for many years and had always been active in furthering its best interests. A wife and three sons are left to mourn. Mr. Barnard was a member of the M. E. church and of the I. O. O. F.

The funeral services were held at the home Thursday afternoon, at 1:30 o'clock, conducted by Rev. F. A. Guthrie. The interment was at Hanover cemetery and the Odd Fellows had charge of the burial service.

William Morgan, who had been sick for some time at his home in New Salem with pneumonia and valvular heart trouble, died this morning at 12:30 o'clock. He was well known throughout the county and was respected by all who knew him. He was 61 years, 6 months and 25 days old and was born in Fleming county, Ky., being a son of Samuel Morgan. When but a small boy he came with the rest of the family to this county, where he grew up. He was a brother of the late David Morgan of this city. Mr. Morgan was the father of five children, all dead and of whom four died within two weeks of each other. Two of the children were dead at the same time and lie buried in the same grave. Only the widow survives. The funeral arrangements have as yet not been made.

Oliver Beale died at 12:40 today of heart trouble at his home on North Sexton street. His condition had been extremely critical for some time, and his death came not unexpected. He had been sick for over a year and moved back to this city from Baltimore, O., last April. He was 46 years of age and was born on the farm four miles north of town. He was a son of William Beale, west of town, and was one of seven children, the remainder of whom survive. They are John, Harry and Fred Beale, Mrs. Joseph Cowing and Misses Minnie and Myra Beale. The deceased leaves a wife and four children. He was well known and leaves a large circle of friends to mourn his loss. He was respected by all who knew him. The funeral arrangements have not yet been made.

AMUSEMENTS

Next Friday, March 10th, at the city opera house, the attraction will be Miss Halcyon Bisnette supported by an admirable company in one of the most pretentious pastoral plays now before the public, entitled "An Orphan's Prayer." The play is in some respects similar to "Shore Acres" and the "Old Homestead," but is much more strenuous and has a different atmosphere to say it of its illustrious predecessors. In addition to plenty of action and comedy, it is pervaded with an idyllic pathos and love that one expects with a play of rural life. It is handsomely staged and the company is especially adapted to this style of drama. The sale of seats starts Tuesday, March 7th, at Hargrove & Mullin.

LODGE NOTES

Phoenix Lodge No. 62, F. & A. M. will have work tonight in the Master Masoa degree with one candidate, followed by a banquet and reception.

Otonkah, Haymakers of Connersville had a most interesting session on last Wednesday night and taught eight candidates the mysteries of making hay by candle light.

Connersville News: At a meeting of McIntosh Lodge No. 4 colored K. of P. Wednesday evening three candidates whose homes are at Liberty, were initiated into the order. At midnight a fine banquet was served.

The number of tribes composing the district in which the Shelbyville district meeting is to be held on March 22 in that city is 44 and the membership over 1500. The meetings will be held in the city hall and will be under the direction of the following committee: Alouzo Blair, William Bassett and K. M. Hord. The degree teams which will do the work will be from Indianapolis, Greensburg, and Columbus. Work will be exemplified both in the afternoon and evening. There will be a class of 35 candidates for the Adoption Degree. A grand parade and demonstration will be held before the evening session. All indications point to this as one of the best meetings that will be held in the State this season.

The following from the Pythian Journal and from the pen of the Supreme Chancellor is appropriate to all orders and lodges: "Observation and experience have taught me that not only private residences, but also all meeting places of organizations of men should be well and comfortably furnished. This rule, I think, applies with equal force to the order of Knights of Pythias and I therefore urge that every lodge provide for itself the very best paraphernalia and furnishing for the lodge that its financial ability will warrant. Do not be afraid to spend money in making lodge rooms comfortable and attractive. It will not only add to the comforts but to the exchequer as well."

BY THE WAYSIDE

A man who had a son of some 15 summers came home one evening and asked his wife, "Who's the girl Jimmie thinks he is in love with?" "Jimmie is not in love with any girl," said his mother hotly. "Jimmie is too young to fall in love." "That is where you are not wise," answered the old man. "You don't seem to have observed that Jimmie has washed his ears now for three days hand running." The old man had been a boy himself.
